

# • REMOTE LEARNING RESOURCES •

## PEOPLE THAT ARE GREAT AT THIS STUFF

- **John Spencer:** math teacher, amazing, expert in problem-based learning. [www.spencerauthor.com](http://www.spencerauthor.com)
- **Cathy Moore:** expert in scenario-based learning. <https://blog.cathy-moore.com>
- **Jane Hart:** expert in Modern Workplace Learning. <http://c4!pt.co.uk>
- **Kathy Schrock:** she has a guide to everything ed tech!  
[www.schrockguide.net](http://www.schrockguide.net)
- **Julie Dirksen:** practical, fun, engaging take on learning.  
<https://usablelearning.com>

## BOOKS THAT ARE TOTALLY AWESOME

- **Design for How People Learn**, Julie Dirksen. An amazing resource!
- **Show Your Work**, Jane Bozarth. Creative ideas for sharing thinking and learning.
- **Make it Stick**, Peter Brown. The neuroscience of learning.
- **Learn or Die**, Edward Hess. Dire title, but great read on fostering organizational learning culture.
- **The New Social Learning**, Marcia Conner & Tony Bingham. Using social media to nurture and accelerate a learning culture.

## OTHER LINKS FROM THE SESSION

- **Article:** Most recent studies of online learning still find no significant difference (M. Kurzweil). <https://sr.ithaka.org/blog/the-most-recent-studies-of-online-learning-still-find-no-significant-difference>
- **4MAT model**, developed by Dr. Bernice McCarthy.  
<https://aboutlearning.com>
- **How to Train Your Goldfish** - not because you'll want to buy the book, but because the reviews are hilarious.
